

BIOGRAPHY

Mrs. Anne C Gutierrez MS, ATC, CSCS

Graduated from the University of Cincinnati with a bachelor's degree in Health Education with concentrations on Athletic Training and cardiovascular fitness in March 1991.

Graduated Ohio University June 1992 with Master's degree in Physical Education with a concentration in Athletic Training.

Since June of 2003 Ms. Gutierrez has been working for the Marine Corps in variety of settings;
June 2003 to April 2012 she worked on Parris Island as an athletic trainer embedded in recruit training as part of what started out as a one-year pilot program thru TECOM.

June 2012 to May 2015 she volunteered at the SMART clinics on Camp Butler in Okinawa Japan. She was also employed by MCCS Health Promotion as a fitness instructor, health promotion provider and the Health Promotion Program Manager.

May 2015 to June 2016 she worked in the SMART Clinic on Camp Lejeune as a clinical athletic trainer
June 2016 began working at Wounded Warrior Battalion-East as a Certified Supervisory Athletic Trainer. Which is where she still is today.

Mrs. Gutierrez is a past president of AFATS and has been with the organization since its founder Terry Dewitt brought the concept to the NATA National Convention. In 2017 After returning from 3 years overseas she took on the role as secretary of AFATS. During this time the organizational leadership has had a significant increase in activity.

We have been busy working to further the profession of athletic training in the military setting. We have been working to increase membership as well as the membership's participation in this process. We have been busy creating relationships and partnering with organizations who support our mission.
We have also updated the billing system for the organization, which has also allowed for better tracking of our membership.
